# Applique Link

⊟ Collection: test en

Simple and minimalist, the Link collection frames the light. Depending on the position of the light, the refined line can be fitted vertically or horizontally.

Link can be placed both horizontally or vertically on the wall. The wall light is adjustable in 2 ways. The front LED bar can be spinned around to diffuse the light in any direction and the rectangular frame can be flipped up and down when the light is positioned horizontally, and side to side when positioned vertically. Custom dimensions available upon request.
