

Suspension Calée V2

 Collection: Calée

An alphabet of shapes, the Calée(e) collection is a geometric game in which the sense of imbalance forms simple, linear and refined objects.

Several hanging lights can be combined in a single pavilion, either circular or rectangular. The rectangular version can be adapted to any length. The circular version has a maximum diameter indicated on the downloadable sheet. The standard cable length is 2 metres, but this can be reduced during installation. For more information, please contact us. The small disc on the underside will always be in finish 1.

Types of design

Calée V1

Calée V2

Calée V3

Calée V4

Calée V5
